Building a culture of cooperation

Implementation of cooperative activities

- [ ] Organize collective projects in which each role is essential to overall success.

- [ ] Vary the types of collaboration (pairs, small groups, whole class, work team).

- [ ] Plan tasks that value different profiles (creative, organizers, leaders, discreet contributors).

Management of roles and responsibilities

- [ ] Clearly define each person's role to avoid confusion and tension.

- [ ] Regularly alternate responsibilities so that everyone can experience different roles.

- [ ] Ensure that every voice counts and that no one is excluded from decisions.

Pedagogical tools and practices

- [ ] Use collaborative tools (shared boards, discussion circles, digital platforms).

- [ ] Develop a common charter of cooperation and respect with the group.

- [ ] Set up feedback sessions to discuss successes and challenges.
